

## **One Thing Now**

***Words and Music by Dino Rustin***

1<sup>st</sup> Intro: Bb-Bb-C, Bb-Bb-C

Intro: F – C – Bb – F

F – C – Bb – F

So I sat you down one day and told you I had a dream  
You shared your concerns, and you thought that I was just blowin' off some steam  
I started writing tunes in my room to make the time pass away  
And I didn't ever think that I could really make it, until one day...

F – Gm – Bb – C

I heard a song in my head and it just hit me like a brick  
I had a feeling I might lose it if I didn't act quick  
I put pen to the paper got my thoughts all goin'  
And a song came out and everything it started flowin'

F – C – Dm – Bb

Like a river of creativity...                      And now I've got a song that means so much to me...

F – C – Bb – C

**Hey Baby...If you just let me do this one thing now, I'll make us lots of money, lemme show you how...**

F – C – Dm - Bb

**First I'll write a pretty little melody, and then I'll find some notes that can accompany  
Throw in some chords, make sure it is in a major key,  
And then I'll write some words to say how much you mean to me  
And then I'll find a little spot where I can play, a show or two a night so people can come watch me  
Lay down a record and make sure I've got a single  
I'll make it big then I'll buy you everything, girl --**

F – C – Bb – C

**Hey Baby...If you just let me do this one thing now**

Intro: F – C – Bb – F

F – C – Bb – F

So we talked again the day after we had a fight  
You told me my whole change of heart just wasn't feeling so right  
You were worried that I might ditch my job and family  
I guess I should've taken time to tell you before that you mean everything to me

F – Gm – Bb – C

It was a song in my heart and I thought I just might make it  
Words were comin' out of me and I didn't have to fake it  
So I grabbed my guitar and you know I started singin'  
And all of a sud...den...everything was...

F – C – Dm – Bb

Like a sky of endless possibility...                      And now I've got a song that means so much to me...

F – C – Bb – C

Solo: F – C – Bb – F

F – C – Bb – F (gtr only)

I don't suppose you might be thinking this is all a show

I guarantee you that we'll be together everywhere we go

I'm sick of scraping by on just a little bit of salary

And now I've got the song that's gonna get us out of poverty

F – C – Bb – F

To get us living life the way we always wanted it to be

To take our wishes and our dreams and make them a reality

So please believe me when I say this is more about you than me

I want to give you everything, I think I might have found the key...

F – C – Bb – C

And then you'll hear my voice comin' off the radio...

And you'll remember my song and think back to that time...it was so long ago
