

**NEVER TOO LATE TO COME BACK (words & music by Dino Rustin)**

Ab – Db – Eb – Ab

Ab – Db – Eb – Ab

I thought I knew you very well  
I never thought you'd make me feel like hell  
I thought we'd always be attached right at the hip  
But lately it seems like everything is starting to slip

Ab – Db – Eb – Ab

I thought I raised you very well  
I thought I taught you right from wrong, and all was well  
But suddenly I realize, that you are living in your lies  
And now I can't even look you in the eyes

Db – Ab – Eb – Ab

**I always thought you'd be a part of me  
I didn't know you'd run away so quickly  
Don't follow through into the black  
It's never too late to come back  
I never thought you'd run away from me  
But you are gone, oh, so suddenly  
So many things that you still lack  
It's never too late to come back**
