

CLOSER TO YOU (words & music by Dino Rustin)

INTRO: F#m -- -- E / A -- -- --

F#m -- -- E / A -- -- --

I know it's Strange how we met, but it hit me right away And I love that I get to talk to you everyday
I told you, we're gonna have to keep things copacetic And when I told you that I liked you, I sure meant it

B – D – B – D-E

But you...you're so far away
And I don't know what we're gonna do / But I wanna be there with you [beat]

F#m -- -- E / A -- -- --

...you make me smile and we always laugh it up all day And I don't know if I could have it any other way
We've got all kinds of obstacles we'll have to overcome But I'm willing and ready...I'm ready to live...
To this I will succumb

B – D – B – D-E

But you...you're so far away
And I don't know how to explain it / I just know I can't contain it [beat]

A – E – D – D

**I'd fly 8 hours straight and over a few states...Hop in a car and drive half a day over the plains
If it'll get me closer to you babe
And every-body's gonna say, "boy you're outta your brain"
but I'd Walk ten miles thru the snow-and-ra-a-ain
If it'll get me closer to you babe... If it'll get me closer to you**

I stay up and talk to you all night til it dawns And you say silly cute flirty things that always turn me on
You bare your soul to me, you try to be so tough But you shouldn't have to rise through the ashes
Oh your life shouldn't be so rough

But you...you're a world away
And I don't know what's gonna happen now, But I'm gonna get to You somehow [beat]

[solo]

But you...you're a world away
And I know that it's gotta be you and me / We both need to be set free! [beat]

**I'd fly 8 hours straight and over a few states...Hop in a car and drive half a day over the plains
If it'll get me closer to you babe**

**And every-body's gonna say, "boy you're outta your brain"
but I'd Walk ten miles thru the snow-and-ra-a-ain
If it'll get me closer to you babe... If it'll get me closer to you**
