I ain't gonna tell nobody, it's just the way that things are  
We've been together so much time, but you been treatin' me good so far  
I don't know just what I said, and I sure don't know what I did...  
But you started screamin, and yellin' and cussin' at me like I's some dumb kid

G#m

Now I wish that we could sort it out before this ever happens again  
Cause today I don't want to be your lover, I don't want to even be your friend  
Your words have pushed me down into the bottom of a lonely, dark-ass pit  
And you just shake your head at me, tell me to "suck it up and deal with it"

C#m

I'm in a dark place, I don't wanna see your face...how can you think to treat me like that?

Do you think you'll get away? What a price you're gonna pay...How can you treat me like that?

I don't want to be around you, so good job at pushing me away  
I don't want to be a part of a life, that's all about you getting your way  
All the time we spent together, I don't know how we got here  
But I've been living for too damn long, in a constant state of fear...
